Program Composite Report	16

Preface

Dear Members,

The PAEA End of Curriculum™ exam was first launched in January of 2020. This 300-question exam was developed over four years by a team of PA educators and national exam experts. As you may know, the PAEA End of Curriculum exam, delivered in the final four months of the PA program, is an objective, standardized evaluation of a PA student's medical knowledge as one component of their readiness for graduation. Since launch, 228 programs have used the PAEA End of Curriculum exam.

In Fall of 2023, PAEA launched the new Assessment Center which includes the Assessment Shop, Assessment Hub and Exam Delivery Platform. With the launch of the new platform, how you access score reports have changed. While the reports may look different, the information remains the same and users will continue to have access to the same high-quality data they are accustomed to. The purpose of this supplement is to show the new score report dashboards. There are no additional changes to the Faculty Guide.

PAEA Assessment prides ourselves in delivering quality, advancing learning, and facilitating success. We could not do it without our members. We hope you find this Supplement helpful and appreciate your continued interest in the PAEA End of Curriculum exam. Should you have additional questions, feel free to contact me directly at cjohnson@PAEAonline.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'Casey Johnson', with a long horizontal flourish extending to the right.

Casey Johnson, PhD
Senior Director of Assessment Services/Psychometrician

New Score Report Dashboards

We provide annotated examples of the new Assessment Center score report dashboards. In each case a downloadable PDF or CSV file is also available.

INDIVIDUAL STUDENT REPORT

The Individual Student Report shows the test taker how they performed on the exam compared to national means. The top of the report demonstrates where the student's score falls on the scale and within the performance levels, relative to the national mean. Sub-scores help the test taker identify target areas of strengths and weaknesses relative to national mean performance.

CONTENT CATEGORY

The screenshot shows the PAEA Assessment Center interface. At the top, there is a navigation bar with links: ASSESSMENT HUB HOME, STUDENT ROSTER, SCHEDULING, SCORE REPORTS, and ASSESSMENT CENTER. The user is logged in as Casey Johnson. The main heading is 'INDIVIDUAL STUDENT REPORTS'.

Annotations include:

- A box on the left: "Sort by drop downs to find the right report" pointing to the filters for Graduation Year, Exam Program, Student Group, Exam, and Administration Date.
- A box on the right: "Download a PDF" pointing to the 'EXPORT' button.
- A box below the table: "Sort by Subscore Category" pointing to the 'Subscore Category' dropdown.

Your Performance Summary:

Your Performance	National Mean Score	Your Categorical Performance Level
1200	1519	Limited Medical Knowledge (1200-1399)

Subscore Category: Content Category

Content Area	Content Blueprint Percentage	Your Performance	National Mean Score
Cardiology	16%	1200	1482
Pulmonology	12%	1244	1488
Gastrointestinal/Nutritional	10%	1200	1488
Orthopedics/Rheumatology	10%	1200	1484
HEENOT	8%	1200	1521
Obstetrics/Gynecology	8%	1210	1475
Endocrinology	6%	1200	1509
Neurology	6%	1217	1490
Psychiatry/Behavioral Medicine	6%	1262	1507
Urology/Renal	6%	1284	1516
Dermatology	4%	1200	1495
Hematology	4%	1200	1519
Infectious Diseases	4%	1200	1500

The subscore table shows the percentage of exam items belonging to each subscore area, your performance and how students performed nationwide. Please be aware that subscores are based on fewer items than total scores and are thereby less reliable than total scores. Please use this data in conjunction with other information in identifying relative areas of strength and weakness.
